

Vitamin Boosts Continued

Glow \$35

INGREDIENTS - Vitamin D

BENEFITS - Vitamin D is important for hormone production and also has effects on your mood. Vitamin D deficiency can lead to low estrogen and testosterone levels which means a lower libido. Vitamin D activates the genes that release dopamine and serotonin and can also contribute to better immunity.

Immune \$35

INGREDIENTS - B6, Methionine, Inositol, Choline, Methylcobalamin B12, Thiamine B1, Riboflavin B6, Carnitine

BENEFITS - Helps to boost immunity and aids in fat metabolism. All of the ingredients are powerful antioxidants. B Vitamins in this mix help increase energy and facilitate fat loss, appetite reduction, muscle building and promote immunity.

Immune Ultra \$45

INGREDIENTS - Ascorbic Acid, Glutathione, Zinc Sulfate

BENEFITS - If you are seeking to boost your immune system, this three item combination is specifically chosen to greatly support and boost your immune function and improve your skin's complexion.

Builder \$30

INGREDIENTS - L-Ornithine, L-Arginine, and L-Citrulline

BENEFITS - Promotes production of nitric oxide, supports healthy levels of Human Growth Hormone by stimulating release of GH from the pituitary gland. Designed to help improve lean body mass, athletic performance, cardiovascular health, and vascular function. Promotes wound healing and recovery from sports-related or work injury. Exactly what you need during any workout regimen!

Builder Ultra \$45

INGREDIENTS - Glutamine, Ornithine, Arginine, Lysine, Citrulline, Methyl B12, Carnitine

BENEFITS - This shot contains Amino Acids which are the building blocks of protein. When combined they promote digestive and brain health, muscle growth and athletic performance. They help in removal of bodily waste, boost energy, prevent fatigue, improves heart circulation, and can help decrease fat mass while maintaining muscle.

Detox \$35

INGREDIENTS - Glutathione, Alpha-Lipoic Acid

BENEFITS - Glutathione is the most critical and integral part of your detoxification system. It also helps us reach peak mental and physical function. Research has shown that raised glutathione levels decrease muscle damage, reduce recovery time, increases strength and endurance and shifts metabolism from fat production to muscle development.

Vitamin IV's & Boosts

WHY NOT LIVE BOOSTED?

‘ēgō: BEAUTY & WELLNESS DEFINED

Vitamin IV's

Nicotinamide Adenine Dinucleotide-NAD+ \$500-\$1000

INGREDIENTS - NAD 250MG NAD (2 hour timeline) or 500MG NAD drip (4 hour timeline).

BENEFITS - The ultimate for anti-aging. Boost your mental clarity and mood, improve energy and overall health and wellness of your body with this unique IV therapy drip.

Skinny IV \$200

INGREDIENTS - Ascorbic Acid, B-Complex, Carnitine, Dexpanthenol, Methionine, Inositol, Choline, Pyridoxine, Sodium Bicarbonate, Taurine

BENEFITS - Contains vitamins and minerals to boost metabolism and suppresses appetite. Contains fat-attracting amino acids that give your weight loss program an added advantage.

Beauty IV \$175

INGREDIENTS - Ascorbic Acid, B-Complex, B12, Dexpanthenol, Magnesium Chloride, Pyridoxine, Sodium Bicarbonate

BENEFITS - This IV will give your skin a much needed hydration boost, a quick blast of vitamins, along with everything you need to keep your skin, hair and nails looking amazing.

Meyer's Cocktail IV \$200

INGREDIENTS - Ascorbic Acid, B-Complex, B12, Calcium Chloride, Carnitine, Dexpanthenol, Magnesium Chloride, Pyridoxine, Sodium Bicarbonate, Taurine

BENEFITS - A renowned infusion to help maintain and restore your body's natural balance. It has been known to alleviate health conditions like fatigue, migraines, depression, muscle pain, and menstrual cramps.

Amino Acid IV \$200

INGREDIENTS - Ascorbic Acid, B-Complex, B12, Dexpanthenol, FreAmine, Pyridoxine, Sodium Bicarbonate

BENEFITS - Amino acids are the building blocks of life. Our body uses 23 amino acids connected in different patterns to build protein molecules. It is used in the synthesis of muscle, skin and connective tissues, enzymes, and hormones. Amino acids are even used to make neurotransmitters like serotonin, dopamine, adrenaline and GABA, which influence our moods, cravings and behaviors. Get this for some great muscle and brain fog repair!

Super Immune IV \$200

INGREDIENTS - Ascorbic Acid, B-Complex, Calcium Chloride, Magnesium Chloride, Potassium, Selenium, Sodium Bicarbonate, Zinc

BENEFITS - This is the ultimate immunity cocktail! It will help you combat the symptoms of colds and the flu, fight fatigue and improve immunity.

Hydroboost IV \$150

INGREDIENTS - B-Complex, B12, Carnitine, Calcium Chloride, Magnesium Chloride, Taurine

BENEFITS - This IV drip was created and is perfect to give you a hydration boost and a quick pick me up! It will keep you sharp and energized. *CVPM patient? Let us know for special pricing*

Glutathione IV \$125

INGREDIENTS - Glutathione

BENEFITS - Ideal for those wanting to prevent and reverse the effects of free radicals. Glutathione cleanses vital organs, reduces inflammation, rejuvenates skin, and helps reduce the effects of aging. Want it as an add-on instead? A glutathione piggy-back IV is \$25 per gram of glutathione.

Hangover IV \$150

INGREDIENTS - B-Complex, B12, Calcium Chloride, Magnesium Chloride, Taurine, Zinc

BENEFITS - Includes a blend of IV fluids, electrolytes, vitamins to detoxify your body and cure your hangover symptoms. This IV will rehydrate your body, detox your body of toxin buildup caused by alcohol consumption, and restore proper nutrients to get you feeling 100% again.

Lactated Ringer IV \$45 - \$90 varies on size

INGREDIENTS - Solution consists of water and electrolytes

BENEFITS - An intravenous fluid used to treat dehydration and restore fluid balance in the body.

BLACK LABEL DRIPS

CONSULTATION WITH TREATMENT PLAN REQUIRED

Ozone IV \$250

Used to disinfect and treat diseases by limiting the effects of bacteria, viruses, fungi, yeast, and protozoa, stimulate the immune system to speed up healing, improve oxygen intake and circulation by cleaning the arteries and veins. Ozone therapy has also been known for purifying blood and the lymph, having anti-inflammatory properties, and improving brain function and memory.

Chelation Therapy IV \$300

Chelation Therapy pulls heavy metals and other toxins out of your blood stream and carries them safely out of your body. This IV can reduce the amount of calcium in the bloodstream, and because calcium is found within the plaque that can line diseased blood vessels, chelation can be used to help strengthen and clean out arteries clogged with plaque. This drip also has some B vitamins to give you an energy boost!

Vitamin Boosts

Happy Hour 25% OFF

Skinny \$30

INGREDIENTS - Methionine, Inositol, Choline, and Cyanocobalamin (B12)

BENEFITS - Seen to decrease the effects of liver disease, increase liver enzymes; aids in fat metabolism. It gives your weight loss program an added advantage!

Skinny Ultra \$45

INGREDIENTS - Methionine, Inositol, Choline, Cyanocobalamin, Carnitine

BENEFITS - The vitamins in this shot create a beautiful lipotropic cocktail. Lipotropics aid weight loss by directly affecting the body's metabolism at the cellular level by enhancing ATP production. Carnitine plays a critical role in energy production and aids in transporting toxic compounds out of cells.

Beauty \$45

INGREDIENTS - Biotin (B7), Glutathione

BENEFITS - Strengthens and nourished hair, skin & nails. Glutathione detoxifies and helps to keep our skin looking nice, refreshed, and acne free. It also helps us reach peak mental and physical function. Research has shown that raised Glutathione levels decrease muscle damage, reduce recovery time, increase strength and endurance and shift metabolism from fat production to muscle development.

Energy \$30

INGREDIENTS - Vitamin B12

BENEFITS - Important to keep the brain and nervous system functioning. Helps the formation of red blood cells. It is involved in cellular metabolism by synthesizing and regulating DNA. Can be used to treat anemia, improves mood and gives a great energy boost!

Energy Ultra \$45

INGREDIENTS - Choline, Inositol, Methionine, B12, B6, Myoden "AMP" (precursor for ATP), Adenosine (AMP), Thiamin B1, Riboflavin B2, Pyridoxine B6, Niacin B3, Pantothenic Acid B5, and B12

BENEFITS - Improves mood, energy, metabolic function. Acts as a potentiator for important actions including fat loss, energy production, and mood balance. Improves brain function and boosts antioxidant protection from free radicals, and maintains an optimal metabolism.
